### **1. Minutes from last meeting**

All young people received minutes from the last meeting and were happy with them.

### **2. Children in Care Council Changes**

Recent guidelines from government advise that corporate parents should sit on children in care councils. Jayne and Gemma spoke with the young people regarding this, asking for any thoughts/ideas. After discussions, it was agreed that corporate parents, Alison and Pam will be invited to attend CiCC meetings, here at Manor Way, every 3 months. Jayne and Gemma are meeting with Alison and Pam on 08/06/10 and will advise them accordingly.

### **3. Fostering Focus Group - Dave Glenville**

Unfortunately, due to a mistake in Dave's diary he did not attend. Another meeting will be arranged soon.

### **4. Emily - Consultation - Young People Who Go Missing**

Emily updated the group on MISPERs and the work we are doing now. Emily informed the young people that we are now offering an independent visit to young people who are running away from placements. This is to give them a chance to discuss any issues or problems they are having. Emily showed the young people the new team MISPERs leaflet and asked for feedback. The young people then took part in various exercises eg push, pull factors for running away and the ideal worker, to give Emily

thoughts/ideas from a young person's view. They also wrote ideas of MISPER questions they would like to be asked from a worker.

### 5. Accreditations

The young people spent time updating/completing their accreditation booklets. Nicole, Aaron and Cody have now completed all of their challenges and these will be put in a presentation folder ready to be sent for moderation, along with Roscoe's (who has also completed his challenges).
